None.

PROJECT DESCRIPTION

This proposal is to allow for the short-term rental of up to two bedrooms in an owner-occupied single-family dwelling. The rental area would also include a bathroom and living space. Since the Planning Commission meeting, it is staff's understanding that the owner is considering converting the rental area into a by-right attached accessory apartment. The owner and his family will continue to reside in the home and will be present at the time of rentals. Short-term rental

tenants will use an existing parking area located on the southern end of the property. No changes to the home's footprint are proposed.

Unlike the "Tourist Home" use, the "Rental of Rooms" limits rentals to a maximum of three bedrooms and requires the homeowner(s) to continue residing at the property during the time of rental.

SURROUNDING ZONING AND DEVELOPMENT

The zoning of all surrounding properties is R-8, Rural Residential. The subject parcel is adjacent to Coleman Nursery and Farmer's Market (3000 Ironbound Road) and across the street from Williamsburg Unitarian Universalist Church (3051 Ironbound Road). Slightly southeast are two tourist homes approved by the Board of Supervisors in 2018.

COMPREHENSIVE PLAN

The property is designated Low Density Residential on the 2035 Comprehensive Plan Land Use Map, as are all of the surrounding parcels. Appropriate primary uses recommended by the Comprehensive Plan include single-family homes, multifamily units, accessory unit,s and cluster housing. Limited commercial uses may also be considered appropriate should the proposal meet the following standards:

- Complements the residential character of the area. Staff finds that this proposed use would remain consistent with the residential character of the area, as this use does not propose any exterior changes.
- Have traffic, noise, lighting, and other impacts similar to surrounding residential uses. Traffic is anticipated to be typical of a residential home, the subject property must adhere to the County's noise Ordinance, there will be no additional outdoor lighting and the proposed conditions will limit future expansion

of the use. Staff finds that impacts will be similar to nearby residential uses.

- Generally be located on collector or arterial roads at intersections. This property is located on, and takes access from, Ironbound Road, which is classified by the Virginia Department of Transportation as a major collector road.
- Provide adequate screening and buffering to protect the character of nearby residential areas. The subject parcel contains mature vegetation on much of the property to provide screening from adjacent residences and Ironbound Road.

PUBLIC IMPACTS

- Anticipated impact on public facilities and services: None.
- Nearby and surrounding properties: No impacts anticipated.

PROPOSED SPECIAL USE PERMIT CONDITIONS

Proposed conditions are provided as Attachment No. 1.

STAFF RECOMMENDATION

Staff finds the proposal to be compatible with surrounding development and consistent with the adopted Comprehensive Plan and Zoning Ordinance. Staff recommends that the Board of Supervisors approve this application, subject to the attached conditions.

This staff report is prepared by the James City County Planning Division to provide information to the Planning Commission and Board of Supervisors to assist them in making a recommendation on this application. It may be useful to members of the general public interested in this application.
