A Share Network Access Point is a faith-based or community organization where people can go in their own neighborhoods or communities to look for jobs, assisted by trained individuals who connect them to the One-Stop system via computer and direct referrals. It is the training, and the ongoing relationship with the One-Stop, that characterizes Share Network Access Points as unique.

Share Network Access Points provide customers a comfortable place to conduct their own self-directed job search activities, supported by a trained individual who can help them become more comfortable using the computer, completing job applications, creating resumes, and connecting to other services for which they may be eligible.

Classroom Training Success Story

Mrs. Lyudmila S., a resident of James City County, was referred to the Virginia Career Works – Hampton Center in the Fall of 2017 by Literacy for Life. Originally from Kazakhstan, Lyudmila worked as an accountant, but when her family relocated to the United States, her degree was not recognized by U. S. Employers and she was unable to continue in this career field.

At the time of her referral, Lyudmila was working full time as a housekeeper, making minimum wages, and not knowing what new career path she should chose. Working with her assigned VCW – Hampton Center Career Planner, it was determined that she had the interest and aptitude to pursue a career as a Dental Assistant. She was subsequently enrolled in the Dental Assistant Training Program offered at Today's Dental Assistant School, in January 2018.

Lyudmila completed her training in March 2018 and successfully interviewed for a Dental Assistant position with Dr. Oglesby's Dental Office in Williamsburg with a starting salary or \$12.00/hour. She proved to be such an asset to her new employer that in the following November of that year, she received a raise, increasing her earnings to \$14.00/hour.

Through her hard work, and with the assistance from the VCW – Hampton Center and our partners at Literacy for Life, Lyudmila has achieved some remarkable accomplishments and is well on her way in a new career that will provide her with tremendous opportunities for growth and advancement.
