WHENAS, Child Development Resources (CDR), founded in 1965 as the Williamsburg Preschool for Special Children, today provides direct services to nearly 1,000 children ages 0-3 and their families and offers training to education and mental health professionals; and

WHEREAS, CDR serves children with developmental and severe disabilities in the Williamsburg area; in 1978 it moved to a permanent space in Lightfoot after being housed in church basements for the first 13 years of existence; and

WHEREAS, CDR has developed several methods that are now in wide practice to help identify and work with children with disabilities who need services; and

WHEREAS, the staff at CDR work closely with families of children with disabilities, teaching them how to become their child's primary educator and to show them that they are the most important people in their child's early education and development; and

WHEREAS, CDR’s influence and advocacy efforts reach beyond the Williamsburg area; in 1972, the Virginia Developmental Disabilities Council selected CDR to devise a model for use throughout the Commonwealth to identify children with disabilities in need of services; and

WHEREAS, in 1975 CDR was recognized nationally when it received a federal grant for its Early Childhood Model Demonstration Project; the center is also a strong advocate for infants and toddlers with disabilities and is internationally known for its professional training and expertise; and

WHEREAS, individuals and organizations have been very generous contributors and local, State and Federal governments have been strong supporters.

NOW, THEREFORE, we the members of the James City County Board of Supervisors do hereby congratulate Child Development Resources, Inc. on the occasion of its 50th Anniversary and commend its work and advocacy efforts on behalf of young children with disabilities and developmental delays.

IN WITNESS, WHEREOF, I hereunto set my hand and caused the seal of the County of James City, Virginia, to be affixed this 14th day of July 2015.

NATIONAL NIGHT OUT – AUGUST 4, 2015

WHEREAS, for the 32nd year, the National Association of Town Watch (NATW) is sponsoring a unique, nationwide crime, drug, and violence prevention program entitled National Night Out; and

WHEREAS, National Night Out provides a unique opportunity for James City County to join forces with thousands of other communities across the Country in promoting cooperative, police-community crime prevention efforts; and

WHEREAS, the James City County Police Department plays a vital role through joint crime, drug, and violence prevention efforts in James City County and is supporting National Night Out locally; and

WHEREAS, it is essential that all citizens of James City County be aware of the importance of crime prevention programs and the impact that their participation can have on reducing crime, drugs, and violence in James City County; and

WHEREAS, police-community partnerships, neighborhood safety, awareness, and cooperation are important themes of the National Night Out program.

NOW, THEREFORE, BE IT RESOLVED that I, Chairman of the Board of Supervisors of James City County, hereby proclaim the 4th day of August 2015 as

NATIONAL NIGHT OUT

in the County of James City, Virginia, and urge all citizens of James City County to join the James City County Police Department in supporting the 32nd Annual National Night Out.

IN WITNESS, WHEREOF, I hereunto set my hand and caused the seal of the County of James City, Virginia, to be affixed this 14th day of July, 2015.

   Mr. Hipple recognized Mr. John Wright and Mr. George Drummond, Planning Commission Members, in attendance this evening.

H. PUBLIC HEARING(S)

1. SUP-0001-2015, Sprint John Tyler Highway Tower

   Ms. Savannah Pietrowski, Planner I, addressed the Board giving a summary of the staff report included in the Agenda Packet.

   As there were no questions for staff, Mr. Hipple opened the Public Hearing.

   As no one had registered to speak, Mr. Hipple closed the Public Hearing.

   A motion to Approve was made by Mr. McGlennon and the motion result was Passed.

   AYES: 5  NAYS: 0  ABSTAIN: 0  ABSENT: 0
   Ayes: Jones, McGlennon, Onizuk, Kennedy, Hipple.

2. Rezoning-0005-2014 Peninsula Pentecostals, Kirby Tract

   Ms. Ellen Cook, Planner III, gave a video presentation overview of the staff report included in the Agenda Packet.

   Mr. McGlennon asked for clarification on the binding restrictions on the middle and eastern portions of the property that are proposed for commercial use.

   Ms. Cook stated that the Master Plan would bind the development at a maximum of 30,000 square feet of retail and restaurant space, but does not bind specific types in that category. She stated that the proffers commit to submitting a conceptual plan for the commercial development and to abide by current design guidelines.

   Mr. McGlennon clarified that once the properties are re-zoned, the applicant could sell off the middle and eastern portions since they are already separate parcels.

   Ms. Cook stated that was correct.

   As there were no other questions for staff, Mr. Hipple opened the Public Hearing.
1. Mr. Timothy Trant, II, from Kaufman and Canoles and representative of the applicant, addressed the Board giving an overview of the proposed project and giving a brief recap of the history that has lead up to this rezoning case. He reviewed the proposed traffic impact studies and their proposed traffic plan, as well as the proffers and the overall benefits of the proposed project.

   Mr. McGlennon restated his concerns over what will happen with the middle and eastern portions of the property. He understands that the church will occupy the western parcel, but it is concerning that there is not a conceptual plan submitted for the other portions where the commercial development is proposed.

   Mr. Trant stated that the vision and the future development of the residual parcels will be driven by the outcome of the planned Skiffes Creek Connector roadway project. He stated that the applicant does not believe that putting together a conceptual plan and submitting it at this time is credible when the alignment and construction of the roadway project is not complete. That is why they have bound themselves, in the voluntary proffers, to submit a conceptual plan for approval, to abide by design guidelines, and to complete another traffic study if and when the Connector road is complete to determine access points and traffic impacts from the commercial development.

   Mr. McGlennon asked why not leave the zoning on the residual parcels until a later date.

   Mr. Trant stated that this case comes before the Board as a comprehensive development plan for the area.

2. Mr. Jared Arango, 901 Wynstone Court, Pastor of the Peninsula Pentecostal Church, addressed the Board requesting approval of the case so that the church may expand and continue its service to the congregation and the community.

3. Mr. Ed Oyer, 139 Indian Circle, addressed the Board in opposition to rezoning this industrial land and stated that there is other land available throughout the County that does not require a rezoning.

4. Mr. Howard Ware, 46 Whittakers Mill, addressed the Board lamenting the decision of the Planning Commission and requesting that the Board approve the case because of the benefits to the Grove community.

5. Mr. Chris Henderson, 101 Keystone, addressed the Board stating that churches are an important component of community development, but questioned the lack of land dedicated for a right-of-way for the Skiffes Creek connector.

6. Mr. Joseph Swanenburg, 3026 The Pointe Drive, addressed the Board offering a lesson on recent history and urging the Board to do the right thing and approve the case.

7. Mr. David Green, 206 Carters Neck Road, addressed the Board in support of the case and urging the Board to approve the proposal.

8. Mr. Charles Swadley, 5316 Highgate Green, addressed the Board in full support of the case and the rezoning of the property to mixed use.

9. Mr. John McSharry, 818 Enos Court in Newport News, addressed the Board asking for the Board’s support as the Church tries to fulfill its vision.

10. Ms. Michelle Rocheleau, 103 Indian Circle, addressed the Board in support of the case and the rezoning of the property.

11. Mr. Douglas Beck, 9915 Swallow Ridge, addressed the Board in support of the case and the rezoning of the property.
Ms. Shandra Dunn, 4600 Prince Trevor Drive, addressed the Board in support of the case and urged the Board to approve the proposal.

As no one else wished to speak, Mr. Hipple closed the Public Hearing.

Ms. Jones stated that this industrial zoned land has been sitting empty for 20 years. She stated that this proposal is more compatible with the surrounding properties in the area. She stated that she can think of no higher use of this property than an investment in people and in communities.

Ms. Jones made a motion to approve the rezoning resolution.

Mr. McGlennon stated that he had heard several times that having a gas station on one of the outer parcels was not something that the church had intended, rather it been suggested as a possible use. He asked Mr. Trant if the Church would be willing to stipulate that there would not be a gas station on the property.

Mr. Trant stated that it was not the Church’s idea to have a gas station; however, at the suggestion of the Office of Economic Development, the Church recognizes the economic viability of a gas station in that area of the community. He also stated that fuel sales and automobile repair shops are a by-right use in Mixed Use zones, so the Church is not willing to compromise that position at this time.

Mr. Onizuk stated that this is the morally right thing to do and frankly these are citizens that he wants in his community. He believes that this Church will be significantly beneficial to the Grove community. He believes that this application is consistent with the Comprehensive Plan and the way that this area is noted. He is pleased to give his enthusiastic support to this case.

Mr. Kennedy commended the Church for handling this whole process the right way. He stated that there might be some concern over having a gas station that close to Skiffes Creek, but he believes that staff, environmental, and the State Regulatory Commission will control what happens. He stated that what was done two years ago cannot be changed, but that if the Church applied for a rezoning he would support it and is pleased to do so tonight.

Mr. Hipple commended the Church for its vision and tenacity for sticking through this process and thanked them for their professionalism.

Mr. McGlennon stated that he had made up his mind that this proposal satisfies appropriate use of this land. His concern has been over the Skiffes Creek Reservoir which is depended upon by several localities for drinking water and the Skiffes Creek Connector Road. He stated that it sounds like commercial development of the property is several years down the road, so hopefully the question of the Skiffes Creek Connector will be settled by then. While he wishes there was more clarity for the commercial plans in this case, he will support the case this evening.

A motion to Approve was made by Ms. Jones and the motion result was Passed.

AYES: 5 NAYS: 0 ABSTAIN: 0 ABSENT: 0
Ayes: Jones, McGlennon, Onizuk, Kennedy, Hipple.

At 8:35 p.m., Mr. Hipple recessed the Board for a brief break.

At 8:48 p.m., Mr. Hipple reconvened the Board.
I. BOARD CONSIDERATION(S)

1. Approval of Williamsburg Landing, Inc. Revenue and Refunding Bonds through Other Jurisdictions

Mr. Russell Seymour, Director of Economic Development, addressed the Board giving an overview of the memorandum included in the Agenda Packet.

A motion to Approve was made by Mr. Kennedy and the motion result was Passed.

AYES: 5 NAYS: 0 ABSTAIN: 0 ABSENT: 0
Ayes: Jones, McGlennon, Onizuk, Kennedy, Hipple.

2. FY2016 Budget Appropriation

Ms. Suzanne Mellen, Director of Financial and Management Services, addressed the Board giving an overview of the memorandum included in the Agenda Packet, as well as addressing the request for a lesser increase in the tax rate that was discussed at the last Budget Work Session. She stated that before the Board this evening is two separate resolutions, one that would set the personal property tax rate, and one that would appropriate the budget based on that tax rate. She clarified the changes in the budget based on the lesser increase in the tax rate.

Mr. McGlennon clarified that the proposed tax rate this evening is for 84 cents, which is an increase of 7 cents versus the 8.2 cents that was proposed in the County Administrator’s Proposed Budget.

Ms. Mellen stated that was correct.

Mr. McGlennon clarified that considering the reduction in property values over the last several years; this tax increase will still produce tax bills that are less than they were in 2009.

Ms. Mellen stated that was correct.

Mr. Hipple clarified that a motion to approve the tax rate must be done first and then a motion to approve the Budget Appropriation based on that rate.

Mr. Kennedy made a motion to approve the resolution setting the personal property tax rate at 84 cents.

Ms. Jones made a motion to amend the motion to approve the flat Plan FY 16 Budget without a tax increase. She stated that revenues are increasing and tax assessments will be done this year, which could mean increases in property values and taxes.

Mr. Hipple looked to Mr. Kinsman to clarify how the votes on these motions should be recorded.

Mr. Kinsman stated that the Board should vote on the amendment made by Ms. Jones as to whether or not the Board accepts the amendment. Then Mr. Kennedy’s motion would still remain and should be voted on.

Mr. Kennedy stated that for clarity during the biennial budget adoption process last year it was recommended that taxes be raised. That revenues were basically flat and that there needed to be an increase. He does not believe that we can continue to hold the line and hope that revenues are going to increase. Capital projects and replenishing fund balances need to be done instead of continuing to put things off. He stated that he is not inclined to support the amendment to the motion made by Ms. Jones.
Mr. McGlennon concurred with the comments made by Mr. Kennedy. He stated that the County has provided relief to the citizens over the last several years by not raising taxes during the recession, but it came at a cost to our fiscal health, to our facilities, and to our schools. He believes that the County needs to take a fairly significant step forward while continuing to look for savings instead of holding the line. He cannot support the amendment to the motion made by Ms. Jones.

Mr. Onizuk stated that he does not have anything significant to add to the discussion after all of the work sessions and public meetings. He stated that the County cannot continue to live off debt and pulling money out of reserves is no different. He is supportive of continuing to look for cuts and cost savings, but we need to replenish reserves and attend to capital needs. He is supportive of the increase in the tax rate to 84 cents, but is not supportive of the amendment to the motion made by Ms. Jones.

Mr. Hipple stated that we have a premier community and why would we want anything less. He requested that Ms. Jones restate her amendment to the motion for clarification.

Ms. Jones stated that her amendment to the motion was to adopt the flat FY 16 budget that was prepared as part of the biennial budget last year and does not include a tax rate increase with an allocation of $178,519,600.

On a roll call vote: Ms. Jones: AYE; Mr. McGlennon, Mr. Onizuk, Mr. Kennedy, Mr. Hipple: NAY.

Mr. Kennedy restated his motion to approve the resolution setting the personal property tax rate at 84 cents.

A motion to Approve was made by Mr. Kennedy and the motion result was Passed.

AYES: 4 NAYS: 1 ABSTAIN: 0 ABSENT: 0
Ayes: McGlennon, Onizuk, Kennedy, Hipple. Nays: Jones

Mr. McGlennon made a motion to approve the FY 16 Budget Appropriation resolution.

Mr. Kennedy discussed the budget process and his thoughts on the budget. He clarified that he has no intention of borrowing anymore of the available monies for greenspace/Purchase of Development Rights (PDR) acquisitions. He maintained that the most important part of this budget process is to remember that these monies will stay in this community. These monies support the schools, parks, facilities, and the services provided to the community.

Mr. Onizuk stated that the Board tasked Mr. Hill with determining what needed to be done to help the County get back on track. He came back to the Board with a proposal and a proposed budget, but it is the Board that makes that decision. The Board owns this budget and the decision rests with the Board, not Mr. Hill or Ms. Mellen. He asked that if there is fallout from this decision that it be directed at the Board and not at Mr. Hill or the senior staff.

Mr. McGlennon applauded the citizen participation in the community meetings and felt that they were beneficial to everyone. He believes that the Board has done the right thing over the past several years, but now it is time to rebuild reserves and to address needs of the schools and facilities.

Ms. Jones thanked the citizens for their participation in the process. She requested that going forward, she would like to see the budget public hearing left open as a matter of process.

Mr. Hipple stated that so much outreach and public participation has been encouraged and at some point the matter needs to be closed and we move forward. He understands her point,
but he also believes that the Board has gone above and beyond to seek public feedback on this budget.

A motion to Approve was made by Mr. McGlennon and the motion result was Passed.

AYES: 4 NAYS: 1 ABSTAIN: 0 ABSENT: 0
Ayes: McGlennon, Onizuk, Kennedy, Hipple. Nays: Jones

At 9:29 p.m., Mr. Hipple recessed the Board in order to conduct the James City Service Authority Board of Directors Meeting.

At 9:36 p.m., Mr. Hipple reconvened the Board of Supervisors.

J. BOARD REQUESTS AND DIRECTIVES

Ms. Jones congratulated the Teachers of the Year Award recipients.

Mr. McGlennon stated that he attended the grand opening of an electric vehicle charging station in New Town, which is the first publicly available charging station in the County.

Mr. Onizuk stated that he and several Board members attended the grand opening of Tempesto at Busch Gardens last weekend. He referenced several comments made by citizens regarding the speaker rules and stated those should be clarified.

Mr. Kennedy stated that he would like to have a discussion about the PDR program at some place, just to let people know the plan. Should it be put to a referendum again, should it be done away with, and should the funds in the account be allocated to other projects; these are all questions that should be discussed and clarified.

Mr. Hipple stated that we have tried to make the speaker cards more accessible by moving it out to the lobby where everyone has to pass them. He believes that the speaker cards should be utilized to make the meeting more efficient.

Mr. Kennedy stated that after the success of the community meetings, perhaps the Board should consider the idea of the caucus before the meeting to allow the citizens to have a question and answer session with the Board.

Mr. Hipple made a motion to change the speaker card rules to require a speaker card to be filled out in order to speak during a meeting. He clarified that citizens may still turn-in speaker cards throughout the meeting as well.

A motion to Approve was made by Mr. Hipple and the motion result was Passed.

AYES: 5 NAYS: 0 ABSTAIN: 0 ABSENT: 0
Ayes: Jones, McGlennon, Onizuk, Kennedy, Hipple.

At 9:43 p.m., Mr. Hipple recessed the Board for a brief break.

At 9:50 p.m., Mr. Hipple reconvened the Board.

   Mr. Hipple presented Mr. Carl Lum, Park President of Busch Gardens Williamsburg, with a Resolution of Appreciation recognizing its 40th Anniversary.

2. VDOT Quarterly Update

   Mr. Rossie Carroll, Virginia Department of Transportation (VDOT) Williamsburg Residency Administrator, addressed the Board giving a summary of the Quarterly Update included in the Agenda Packet.

   Mr. Kennedy questioned the synchronization of the lights on Route 60 in Lightfoot and requested signage for the intersection of the exit ramp off Route 199 onto Monticello Avenue. He mentioned the shoulder erosion at the entrance of Route 199 from Route 60 east. He also asked if rumble strips might be a viable option in front of Williamsburg Christian Academy and Stonehouse Elementary.

   Mr. McGlennon commended the repair of streets in Rolling Woods and that the drainage work on Lake Powell Road seems to have made an impact.

   Mr. Hipple stated that there is a large area of standing water as you make the turn onto Centerville Road from Route 60.

H. PUBLIC HEARING(S)

1. AFD 06-86-2-2014. Cranston's Pond AFD Addition - 3125 Chickahominy Road

Mr. Scott Whyte, Planner III, addressed the Board giving an overview of the staff report included in the Agenda Packet.

As there were no questions for staff, Mr. Hipple opened the Public Hearing.

1. Mr. Joseph Swanenburg, 3026 The Pointe Drive, addressed the Board in opposition to the case and raised several concerns.

As there were no other registered speakers, Mr. Hipple closed the Public Hearing.

Ms. Jones requested that staff address the concerns voiced by the speaker.

Mr. Whyte stated that in regards to whether or not the land can go into the Agricultural and Forestal District (AFD), staff and the AFD Advisory Committee both agreed that it meets the requirements. As for the question of whether or not the land will receive the tax-use valuation, that is a question for the Commissioner of the Revenue.

Mr. Richard Bradshaw, Commissioner of the Revenue, stated that the property does not automatically qualify for a land use valuation simply by virtue of being in the AFD. The property must be used for agriculture or forestry. To receive a land use valuation the property must have a qualifying land use.

Mr. Hipple asked how that is determined.
Mr. Bradshaw stated that the land owner must file an application with his office certifying the use of the land, it must meet a qualifying land use, and it must be renewed annually.

Mr. McGlennon asked if this land owner would qualify for a land use valuation.

Mr. Bradshaw stated that from the aerial photo that he has seen, it appears that three of the five acres are a continuation of the timber production that is currently produced on the adjacent property. Those three acres could qualify for a land use valuation within the timber category, but the other two acres where the residence sits would not.

Mr. McGlennon clarified that the main impact of this application would be to draw those three acres of timber into the already existing timber land that is owned by the same property owner and the possibility of receiving a land use valuation for those three acres.

Mr. Kennedy made a motion to approve the AFD Ordinance.

Ms. Roberta Sulouff, Planner I, addressed the Board giving an overview of the staff report included in the Agenda Packet.

As there were no questions for staff, Mr. Hipple opened the Public Hearing.

1. Mr. Mark Duncan, Representative of Colonial Williamsburg Foundation, addressed the Board regarding the AFD Withdrawal request. He stated that the Foundation believes that the best purpose for this property is to be sold for commercial development. It is not contiguous with the rest of the Carter’s Grove AFD and the withdrawal will not negatively affect the remaining AFD. The Foundation respectively requests support of the withdrawal.

As there were no other registered speakers, Mr. Hipple closed the Public Hearing.

Mr. McGlennon stated that this is a request for an exception to the established Board policy. He believes that this exception is warranted in this case because the property has not benefited from being in the AFD for some time. The owner has been paying full property taxes on the property. The larger portion of the Carter’s Grove AFD has been sold and is no longer owned by the Colonial Williamsburg Foundation. There is also no expectation that this parcel would ever be used for purposes consistent with the AFD. In this instance, he supports the request for an exception to the AFD Withdrawal Policy.

Mr. Hipple concurred with Mr. McGlennon’s comments and stated his support for granting an exception.

Ms. Jones made a motion to approve the AFD Withdrawal Ordinance.

Ms. Cook stated that all previous proffered conditions have been met as far as staff is aware.

Ms. Cook stated that she believes so.

As there were no other questions for staff, Mr. Hipple opened the Public Hearing.

1. Mr. Veron Geddy, Attorney for the Applicant, addressed the Board giving a summary of the changes covered under this amendment. He stated that all of the previous proffer commitments are not changing; this amendment covers a re-sequencing of the proffered traffic improvements.

SUBJECT: Dedication of Streets within The Pointe at Jamestown Subdivision Phase 2B

Attached is a resolution requesting acceptance of the streets proposed as public rights-of-way in Phase 2B of the Pointe at Jamestown Subdivision into the State Secondary Highway System. The streets proposed for acceptance are portions of Yeardley Loop, Greate Way in its entirety, and Hutchinson Place in its entirety, as shown in red on the attached map. The streets have been inspected and approved by representatives of the Virginia Department of Transportation (VDOT) as meeting the minimum requirements for secondary roadways. The streets in Phase 2A of the subdivision were taken into the VDOT’s maintenance program by a previous resolution in June 2006.

VDOT’s Secondary Street Acceptance Requirements (SSAR), effective March 2009, outline processes on how streets are designed, constructed, and officially accepted for maintenance as part of the secondary system of State highways. Upon the satisfactory completion of construction of streets, VDOT advises and coordinates with the local governing body of the street’s readiness for acceptance through the use of VDOT’s Form AM-4.3. As part of the initial acceptance process, the County Board of Supervisors must request, by resolution, that VDOT accept the street for maintenance as part of the secondary system of State highways. Administrative procedures outlined in the SSAR/24VAC30-92-70 list criteria for street acceptance and what information is required on the local resolution. Once the resolution is approved, the signed Form AM-4.3 with the resolution is then returned to VDOT. VDOT then officially notifies the locality of the street’s acceptance into the secondary system of State highways and the effective date of such action. This notification serves as the start of VDOT maintenance responsibility. As part of the process, the County will hold an appropriate amount of subdivision or public improvement surety for the roadway, as required by local ordinances, until the acceptance process is complete. Also, within 30 days of the local governing body’s request (resolution), VDOT requires a maintenance surety to be posted by the developer to guarantee performance of the street for one year from the date of acceptance.

Staff recommends the adoption of the attached resolution.

SUBJECT: Proposed Street Name Change - ‘The Bluffs’ to ‘River Bluffs’

Section 19-54(b) of the James City County Subdivision Ordinance requires street name changes be reviewed and approved by the Board of Supervisors. The James City County Planning Division has received an application to rename a street located in Kingsmill currently named ‘The Bluffs’ to ‘River Bluffs.’ The application states that the purpose of the proposed renaming is for consistency and to avoid confusion for property owners and residents.

‘River Bluffs’ is currently being used as the address for residents in two existing condominium buildings. ‘The Bluffs’ is currently being used for one single-family dwelling that has been constructed and for the remaining single-family lots along the street.

In 2002, the River Bluff Condominiums were under construction and at the request of the contractor to the Real Estate Division, addressing was done to match the project name (River Bluffs) rather than the platted street name. There are currently no street signs on the street distinguishing any difference between the two names. The proposed street renaming, if approved, would ensure the addresses are consistent with the street name.

Signatures have been obtained by all of the property owners including the River Bluffs Condo Association supporting the street name request.

The Real Estate Assessments Division, Police Department, Fire Department, 911 Center, and Williamsburg Post Office have no objections to the proposed street name change. Notification of the proposed street name change was sent to all property owners. The Planning Division has not received any complaints about the proposed street renaming.

Staff Recommendation:
Staff recommends approval of the attached resolution that renames the street, currently named ‘The Bluffs’ to ‘River Bluffs.’ Approval of the request would ensure all properties along this roadway have the same street name.

Re: River Bluffs street name change

We write to request the street currently named ‘The Bluffs’ be changed to ‘River Bluffs.’

The street was originally named ‘The Bluffs’ when the subdivision information was submitted to James City County. During development of the condo buildings, the eastern portion of the street in front of the condo buildings was changed to ‘River Bluffs.’ The western part of the street remained unchanged.

Recognizing the extreme confusion caused by having the same street called two different names, the owners of the properties along the western portion of the street are seeking to unify the street name. The owners of the condo units have been using ‘River Bluffs’ as their address for many years now. The subdivision is named River Bluffs. Despite the two official names, the entire street is now widely known as ‘River Bluffs.’ See attached screenshot of Google Maps.

It therefore makes the most sense to have the entire street named ‘River Bluffs’.

We, the owners of the properties along the western section of road currently called ‘The Bluffs’ are asking to rename the street to ‘River Bluffs’ to match the rest of the street and to end the confusion. The owners of the 9 lots are in full agreement on this name change.

We have also discussed this matter with the residents of the condo buildings who also support this name change and have submitted a letter in support of this action.

Re: River Bluffs street name change

We write to support the request of our neighbors to have the street named ‘River Bluffs’ for its entire length.

The street was originally named ‘The Bluffs’ when the subdivision information was submitted to James City County. During development of the condo buildings, the eastern portion of the street in front of the condo buildings was changed to ‘River Bluffs.’ The western part of the street remained unchanged.

Recognizing the extreme confusion caused by having the same street called two different names, the owners of the properties along the western portion of the street are seeking to unify the street name. The owners of the 9 lots are in full agreement on this name change and have submitted their request.

Though this name change does not directly affect our street name or our numerical address, the River Bluffs Condo Association, supports this name change. We recognize this change will reduce confusion for drivers trying to find our addresses and will make things simpler for mapping and GPS companies to insure their accuracy.

Sincerely,

TO: The Board of Supervisors

FROM: John T. P. Horne, Director of General Services

SUBJECT: Contract Award – Human Services Center HVAC Replacement – $443,190

Over the past decade, the Department of General Services has been incorporating Trane HVAC controls and equipment into County facilities. Currently, the County has 16 facilities being serviced and/or controlled by Trane products with future facilities incorporating Trane controls and equipment under construction. This investment not only includes controls and equipment, but also training for our Service Technicians.

General Services is standardizing HVAC controls and equipment to Trane to promote operational efficiency and safety. Standardization reduces equipment downtime and improves response time and customer service because parts will be on hand and interchangeable from facility to facility. In addition, troubleshooting and diagnosis of service issues requires less time. All facilities are added to a remotely viewable and controllable monitoring system. Finally, standardization promotes safety because staff members can rely on their previous experience and training when servicing the equipment.

The adopted Capital Improvements Program (CIP) includes funding in FY 16 for refurbishment of the building envelope, mechanical, and electrical systems at the Human Services Center, making the building much more energy efficient. The overall project will also reconfigure parts of the central pod of the building where the entry, waiting, intake, and public meeting rooms are located. The goal is to provide a healthier and more pleasant indoor environment for customers and staff. The HVAC work will consist of replacement of the equipment serving the central pod, converting to a centralized VAV system from five older heat pumps. In the medical and social services wings, outdoor air conditioning units will be added to control outdoor air temperature and humidity before its use in the building. Finally, the entire building will be added to the remote monitoring and control system used at most other County buildings, allowing staff to be much more responsive to any problems or adjustment needs.

General Services, in consultation with the Purchasing office, determined that Damuth Trane is the only source practically available to engineer and install the Trane HVAC controls and equipment. Damuth Trane submitted a proposed cost of $443,190. The proposed rates have been determined to be reasonable through comparison to other current County HVAC replacements and current construction cost indices.

Because this would be a sole source purchase over $100,000, the Board of Supervisors approval is necessary.

Staff recommends approval of the attached resolution authorizing the sole source purchase of engineering and installation services from Damuth Trane in the amount of $443,190 for the Human Services Center HVAC replacement.

TO: The Board of Supervisors

FROM: Kitty Hall, Purchasing Director

SUBJECT: Contract Awards - Annual Engineering Services

A Request for Proposal (RFP) was solicited from qualified engineering firms to provide annual engineering services. The required engineering services were organized into major groups with Sub-Groups as listed below with the number of proposals received and listed after each Sub-Group name.

Group 1 - Basic Engineering (32)  
Group 2 - Environmental Engineering Services (13)  
Group 3 - JCSA Water and Wastewater (15)  
Group 4 - Landscape Planning and Landscape Architecture (9)  
Group 5 - Site Plan Review (0)  
Group 6 - Surveying (8)  
Group 7 - Stormwater Infrastructure (8)  
Group 8 - Geotechnical (5)  
Group 9 - Traffic and Transportation (8)

Interested firms responded to the RFP by describing their interest, qualifications, project approach, and experience in performing similar work. Panels of staff members representing Stormwater, Engineering & Resource Protection, Planning, Capital Projects, James City Service Authority (JCSA), Williamsburg-James City County School Division, and Purchasing evaluated the proposals and selected the most qualified firms in each group. Rate schedules were negotiated with the selected firms. These schedules will be used to calculate the cost for individual projects performed under these annual contracts. The contracts have an initial term of one year with four additional one-year options available to the County, JCSA, and Schools. Firms selected for contract award are listed in Attachment A by group.

Staff recommends approval of the attached resolution awarding a contract to the following firms in Attachment A.

SUBJECT: Acceptance of Real Estate Conveyances to the County

Two resolutions are attached for consideration. One resolution rescinds a Board resolution adopted in 2008 authorizing the County Attorney and deputies and assistants to accept real estate conveyances on behalf of the County. The other resolution authorizes and directs the County Administrator or his designee to accept real estate conveyances.

DATE: July 23, 2015

TO: The Board of Supervisors

FROM: Michelle M. Gowdy, County Attorney

SUBJECT: Rescission of Resolution which Authorizes Real Estate Transfer Acceptances by the County Attorney

In 2008 a previous Board adopted a resolution which authorizes the County Attorney, Deputy County Attorney, and/or Assistant County Attorney to accept real estate conveyed to the County other than that which is conveyed by a subdivision plat pursuant to Virginia Code Section 15.2-1803. Currently, the County Attorney approves deeds as to form and accepts the conveyance of real estate. Virginia Code Section 15.2-1803 requires the County Attorney to approve the deeds as to form, but the Board may authorize whomever it wishes to act on behalf of the County to accept the conveyance. After consultation with the County Administrator, I believe it is in the best interests of the County to separate those two actions.

One of the attached resolutions would rescind the Board’s September 8, 2008, resolution authorizing and directing the County Attorney, Deputy County Attorney, and/or Assistant County Attorney to accept real estate conveyed to the County. The second resolution would authorize and direct the County Administrator or his designee to accept real estate conveyances on behalf of the County. The two separate processes would promote communication, ethics, additional oversight, and clarity when property is conveyed.

I recommend adoption of the attached resolutions which would rescind the Board’s previous resolution authorizing acceptance of real estate conveyances by the County Attorney and authorize the County Administrator or his designee to accept the conveyances.

RESOLUTION

RESCISSION OF RESOLUTION WHICH AUTHORIZES

REAL ESTATE TRANSFER ACCEPTANCES BY THE COUNTY ATTORNEY

WHEREAS, Virginia Code Section 15.2-1803 requires that every deed conveying real estate to the County shall be in a form approved by the County Attorney. Such deed must be accepted by the County, which acceptance shall appear on the deed or on a separately recorded instrument and shall be executed by a person authorized to act on behalf of the County; and

WHEREAS, the Board of Supervisors adopted a resolution on September 9, 2008, which authorizes and directs the County Attorney, deputies and assistants to affix the acceptance upon any deed conveying real estate to the County other than the conveyance of interests in real property through the recordation of subdivision plats; and

WHEREAS, the Board of Supervisors is of the opinion that it is in the best interest of the County to separate the actions of form approval of deeds and acceptance of conveyances of real estate.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of James City County, Virginia, hereby rescinds the resolution entitled, “Acceptance of Real Estate Transfers” dated September 9, 2008, and revokes its direction and authorization of the County Attorney, deputies, and assistants to accept real estate conveyances on behalf of the County.

MEMORANDUM

DATE: July 14, 2015

TO: The Board of Supervisors

FROM: Elizabeth E. Young, Paralegal

SUBJECT: Ordinance to Amend and Reordain Chapter 16, Public Parks and Recreation Facilities, to remove the prohibition to carry concealed weapons

Section 16-5 of the County Code prohibits carrying concealed weapons in public parks and recreation facilities. This section is outdated and duplicative. In 2012, Virginia Code § 15.2-915 was amended and incorporated into the regulations on carrying concealed weapons in County Code Chapter 15; however, Section 16-5 was not amended at that time to reflect the changes in Virginia Code. Since then, carrying concealed weapons in public parks and recreation facilities has been regulated in accordance with Section 15-35 rather than Section 16-5.

The laws regarding carrying concealed weapons in public parks and recreation facilities are covered generally in the County Code by Sections 15-34 through 15-35, so Section 16-5 can be removed entirely. The attached ordinance deletes Section 16-5, Concealed weapons prohibited.

Staff recommends adoption of the attached ordinance.

RESOLUTION

CERTIFICATION OF CLOSED MEETING

WHEREAS, the Board of Supervisors of James City County, Virginia, (Board) has convened a closed meeting on this date pursuant to an affirmative recorded vote and in accordance with the provisions of the Virginia Freedom of Information Act; and

WHEREAS, Section 2.2-3711 of the Code of Virginia requires a certification by the Board that such closed meeting was conducted in conformity with Virginia law.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of James City County, Virginia, hereby certifies that, to the best of each member's knowledge: i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies; and ii) only such public business matters were heard, discussed, or considered by the Board as were identified in the motion, Section 2.2-3711(A)(1), the consideration of a personnel matter(s), the appointment of individuals to County boards and/or commissions.

Michael J. Hipple
Chairman, Board of Supervisors
