3. Case No. CBPA 21-0087 : 10007 Sycamore Landing Road

Mr. Trevor Long, Watershed Planner, presented the exception request submitted by Mr. Harold Breeden for encroachments into the RPA buffer for the addition of fill material located at 10007 Sycamore Landing Road within the Stephens Tract No. 2 Subdivision and the Ware Creek watershed. The property is further identified as James City County Tax Map Parcel No. 0720400011. The presentation described the current and proposed site conditions. If the Board approved the request, staff asked that the suggested conditions be incorporated into the approval.

The Board deliberated the pros and cons of this application.

Mr. Apperson inquired if Stormwater and Resource Protection staff managed the Erosion and Sediment and Control Plan.

Mr. Long affirmatively replied and added that staff would review that plan along with the Land Disturbing Permit and ensure if this plan were to be approved, that the appropriate erosion and sediment control measures were in place.

Mr. Roadley stated that staff does not have a well-defined site plan. He stated it would be nice to see a site plan that would show where the plantings were going to go so once the permit is issued and the work undertaken, the end result could be matched up to what was approved by the Board.

Mr. Long stated that staff could obtain that and share with the Board as well.

Mr. Dunn opened the Public Hearing.

Mr. Dunn closed the Public Hearing, as no one wished to speak.

Mr. Roadley stated that he would be willing to approve if staff would be provided the mitigation plans so the Board can judge compliance.

Floodplain: None affecting this property

Proposed Activity: Construction of a retaining wall

Impervious Cover: 105 square feet

RPA Encroachment: 105 square feet, landward 50-foot RPA

Staff Contact: Trevor A. Long, Watershed Planner Phone: 253-6789

BRIEF SUMMARY AND DESCRIPTION OF ACTIVITIES

Mr. Jesse McHose, Extra Mile Landscapes Inc., has applied for a Chesapeake Bay Exception on behalf of Ms. Susan Maida for encroachments into the RPA buffer for the construction of a retaining wall on property located at 101 Abigail Lane within the Kingsmill subdivision and the College Creek watershed. The property is further identified as James City County Tax Map Parcel No. 5030400082. The parcel was platted in 1981, prior to the adoption of the Chesapeake Bay Preservation Ordinance in 1990.

The total lot size of this property is 0.46 acres, of which 70% is located within the RPA. The applicant is proposing to construct a retaining wall to the rear of the existing house equating to approximately 105 square feet of impacts to the landward 50-foot RPA. The applicant has expressed concerns regarding erosion behind the house and proposed a retaining wall to protect the property. It should be noted that the retaining wall shall be constructed on the owner's property unless permission is granted from the adjacent property owner. County mitigation requirements for the proposed amount of impervious impacts to the RPA equates to the plantings of three shrubs.

STAFF EVALUATION

Staff has evaluated the application and exception request for the construction of a retaining wall. This application meets the Ordinance conditions in Sections 23-11 and 23-14 and should be heard by the Board because the construction of a retaining wall is considered accessory in nature.

CONSIDERATION BY THE CHESAPEAKE BAY BOARD

The Board may grant exceptions to Section 23-7 if the application meets the following five conditions:

1. The exception request is the minimum necessary to afford relief; and
2. Granting the exception will not confer upon the Applicants any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity; and
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality; and
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances, either permitted or non-conforming that are related to adjacent parcels; and
5. Reasonable and appropriate conditions are imposed which will prevent the exception request from causing a degradation of water quality.

STAFF RECOMMENDATIONS

Staff has reviewed the application and exception request and has determined the impacts associated with the proposal to be minor for the proposed development. Staff recommends approval for this exception request and if the Board wishes to approve this request, staff recommends the following conditions be incorporated into the approval:

1. The applicant must obtain all other necessary federal, state, and local permits as required for the project, including a building permit if necessary; and
2. The submittal of a mitigation plan equating to three shrubs be submitted to the Stormwater and Resource Protection Division; and
3. A surety of \$250 be submitted in a form acceptable to the James City County Attorney's Office to guarantee the mitigation plantings; and
4. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and
5. Written requests for an extension to an exception shall be submitted to the Stormwater and Resource Protection Division no later than June 2, 2022, six weeks prior to the expiration date.

RESOLUTION

CASE NO. CBPA 21-0064. 101 ABIGAIL LANE

JAMES CITY COUNTY CHESAPEAKE BAY PRESERVATION ORDINANCE EXCEPTION

WHEREAS, Ms. Susan Maida (the “Applicant”) has applied to the Chesapeake Bay Board of James City County (the “Board”) on July 14, 2021, to request an exception to use the Resource Protection Area (the “RPA”) on a parcel of property identified as James City County Real Estate Tax Map Parcel No. 5030400082 and further identified as 101 Abigail Lane (the “Property”) as set forth in the application CBPA 21-0064 for the purpose of construction of a retaining wall; and

WHEREAS, the Board has listened to the arguments presented and has carefully considered all evidence entered into the record.

NOW, THEREFORE, BE IT RESOLVED that the Chesapeake Bay Board of James City County, Virginia, following a public hearing, by a majority vote of its members FINDS that:

1. The exception request is the minimum necessary to afford relief.
2. Granting the exception will not confer upon the Applicant any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity.
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality.
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances either permitted or non-conforming that are related to adjacent parcels.
5. Reasonable and appropriate conditions are hereby imposed, as set forth below, which will prevent the exception request from causing a degradation of water quality.
6. In granting this exception, the following conditions are hereby imposed to prevent this exception request from causing degradation of water quality:
 - a. The applicant must obtain all other necessary federal, state, and local permits as required for the project, including a building permit if necessary; and
 - b. The submittal of a mitigation plan equaling three shrubs be submitted to the Stormwater and Resource Protection Division; and
 - c. A surety of \$250 be submitted in a form acceptable to the James City County Attorney’s Office to guarantee the mitigation plantings; and

- d. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and
- e. Written requests for an extension to an exception shall be submitted to the Stormwater and Resource Protection Division no later than June 2, 2022, six weeks prior to the expiration date.

BRIEF SUMMARY AND DESCRIPTION OF ACTIVITIES

Ms. Brittany Hulstine, Acelution, Inc., has applied for a Chesapeake Bay Exception on behalf of Mr. Stephen and Ms. Jessica Smith for encroachments into the RPA buffer for the construction of a landing on property located at 114 Constance Avenue within the Powhatan Shores subdivision and the Powhatan Creek watershed. The property is further identified as James City County Tax Map Parcel No. 4730500026. The parcel was platted in 1975, prior the adoption of the Chesapeake Bay Preservation Ordinance in 1990.

The total lot size of this property is 0.55 acres, of which 44% is located within the RPA. The applicants are proposing to construct a landing towards the rear of the existing house equaling approximately 495 square feet of impacts to the seaward 50-foot RPA. The property has an existing retaining wall and staircase leading to a dock and boatlift on-site. The applicants are proposing to construct the landing between the existing retaining wall and bulkhead for the purpose of seating. Required mitigation of this amount of impervious impacts to the RPA equals the plantings of one planting unit (one canopy tree, two understory trees, and three shrubs).

STAFF EVALUATION

Staff has evaluated the application and exception request for the construction of a landing. This application meets the Ordinance conditions in Sections 23-11 and 23-14 and should be heard by the Board because the construction of a landing is considered accessory in nature.

CONSIDERATION BY THE CHESAPEAKE BAY BOARD

The Board may grant exceptions to Section 23-7 if the application meets the following five conditions:

1. The exception request is the minimum necessary to afford relief; and
2. Granting the exception will not confer upon the Applicants any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity; and
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality; and
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances, either permitted or non-conforming that are related to adjacent parcels; and
5. Reasonable and appropriate conditions are imposed which will prevent the exception request from causing a degradation of water quality.

STAFF RECOMMENDATIONS

Staff has reviewed the application and exception request and has determined the impacts associated with the proposal to be minor for the proposed development. Staff recommends approval for this exception request and if the Board wishes to approve this request, staff recommends the following conditions be incorporated into the approval:

1. The applicant must obtain all other necessary federal, state, and local permits as required for the project, including a building permit if necessary; and
2. The submittal of a mitigation plan equaling one planting unit be submitted to the Stormwater and Resource Protection Division; and
3. A surety of \$500 be submitted in a form acceptable to the James City County Attorney's Office to guarantee the mitigation plantings; and
4. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and
5. Written requests for an extension to an exception shall be submitted to the Stormwater and Resource Protection Division no later than June 2, 2022, six weeks prior to the expiration date.

CASE NO. CBPA 21-0083. 114 CONSTANCE AVENUE

JAMES CITY COUNTY CHESAPEAKE BAY PRESERVATION ORDINANCE EXCEPTION

WHEREAS, Acelution, Inc., on behalf of Mr. Stephen Smith and Mrs. Jessica Smith (the “Applicants”), has applied to the Chesapeake Bay Board of James City County (the “Board”) on July 14, 2021, to request an exception to use the Resource Protection Area (the “RPA”) on a parcel of property identified as James City County Real Estate Tax Map Parcel No. 4730500026 and further identified as 114 Constance Avenue (the “Property”) as set forth in the application CBPA 21-0083 for the purpose of construction of a landing; and

WHEREAS, the Board has listened to the arguments presented and has carefully considered all evidence entered into the record.

NOW, THEREFORE, BE IT RESOLVED that the Chesapeake Bay Board of James City County, Virginia, following a public hearing, by a majority vote of its members FINDS that:

1. The exception request is the minimum necessary to afford relief.
2. Granting the exception will not confer upon the Applicants any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity.
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality.
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances either permitted or non-conforming that are related to adjacent parcels.
5. Reasonable and appropriate conditions are hereby imposed, as set forth below, which will prevent the exception request from causing a degradation of water quality.
6. In granting this exception, the following conditions are hereby imposed to prevent this exception request from causing degradation of water quality:
 - a. The applicants must obtain all other necessary federal, state, and local permits as required for the project, including a building permit if necessary; and
 - b. The submittal of a mitigation plan equaling one planting unit be submitted to the Stormwater and Resource Protection Division; and
 - c. A surety of \$500 be submitted in a form acceptable to the James City County Attorney’s Office to guarantee the mitigation plantings; and

- d. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and

**CHESAPEAKE BAY BOARD EXCEPTION No. CBPA 21-0087. 10007 Sycamore Landing Road
Staff Report for the July 14, 2021, Chesapeake Bay Board Public Hearing**

This staff report is prepared by the James City County Stormwater and Resource Protection to provide information to the Chesapeake Bay Board to assist them in making a recommendation on this assessment. It may be useful to members of the general public interested in this assessment.

EXISTING SITE DATA AND INFORMATION

Applicant: Mr. Harold Breeden

Agent: None

Location: 10007 Sycamore Landing Road

Parcel Identification No.: 0720400011

Parcel: Sycamore Landing

Lot Size: 1.53 acres

Area of Lot in Resource
Protection Area (RPA): 1.06 acres +/- (69%)

Watershed: Ware Creek (HUC YO 62)

Floodplain: Zone AE - Base flood elevation determined at 7 feet

Proposed Activity: Addition of fill material

Impervious Cover: 2,500 square feet

RPA Encroachment: 2,500 square feet, landward 50-foot RPA

Staff Contact: Trevor A. Long, Watershed Planner Phone: 253-6789

BRIEF SUMMARY AND DESCRIPTION OF ACTIVITIES

Mr. Harold Breeden has applied for a Chesapeake Bay Exception for encroachments into the RPA buffer for the addition of fill material on property located at 10007 Sycamore Landing Road within the Ware Creek watershed. The property is further identified as James City County Tax Map Parcel No. 0720400011. The parcel was platted in 1957, prior the adoption of the Chesapeake Bay Preservation Ordinance in 1990.

The total lot size of this property is 1.53 acres, of which 69% is located within the RPA. There is a shoreline erosion project, permitted by the James City County Wetlands Board and Chesapeake Bay Board occurring on this same street. The applicant is proposing to utilize the fill dirt associated with the shoreline erosion project to fill approximately 2,500 square feet of subsided land within the landward 50-foot RPA. Required mitigation of this amount of impacts to the RPA equals the plantings of seven planting units (seven canopy trees, 14 understory trees, and 21 shrubs). Due to the fact that the RPA is proposed to be disturbed and regraded, the mitigation required shall be replanted back in the disturbed area.

STAFF EVALUATION

Staff has evaluated the application and exception request for the addition of fill. This application meets the Ordinance conditions in Sections 23-11 and 23-14 and should be heard by the Board because the addition of fill is not a permitted use.

CONSIDERATION BY THE CHESAPEAKE BAY BOARD

The Board may grant exceptions to Section 23-7 if the application meets the following five conditions:

1. The exception request is the minimum necessary to afford relief; and
2. Granting the exception will not confer upon the Applicants any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity; and
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality; and
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances, either permitted or non-conforming that are related to adjacent parcels; and
5. Reasonable and appropriate conditions are imposed which will prevent the exception request from causing a degradation of water quality.

STAFF RECOMMENDATIONS

Staff has reviewed the application and exception request and has determined the impacts associated with the proposal to be moderate for the proposed development. Staff recommends approval for this exception request and if the Board wishes to approve this request, staff recommends the following conditions be incorporated into the approval:

1. The applicant must obtain all other necessary federal, state, and local permits, as required for the project, including an Erosion and Sediment Control Plan and a Land Disturbing Permit; and
2. The submittal of a mitigation plan equaling seven planting units be submitted to the Stormwater and Resource Protection Division; and
3. A surety of \$3,000 be submitted in a form acceptable to the James City County Attorney's Office to guarantee the mitigation plantings; and
4. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and
5. Written requests for an extension to an exception shall be submitted to the Stormwater and Resource Protection Division no later than June 2, 2022, six weeks prior to the expiration date.

Staff Contact: Trevor A. Long, Watershed Planner Phone: 253-6789

BRIEF SUMMARY AND DESCRIPTION OF ACTIVITIES

Mr. Daniel Winall, Waters Edge Construction, has applied for a Chesapeake Bay Exception on behalf of Mr. David and Ms. Kim Lambey for encroachments into the RPA buffer for bank grading on property located at 10006 Sycamore Landing Road within the York River watershed. The property is further identified as James City County Tax Map Parcel No. 0720100002. The parcel was platted in 1926, prior to the adoption of the Chesapeake Bay Preservation Ordinance in 1990.

The total lot size of this property is 1.15 acres, of which 35% is located within the RPA. The James City County Wetlands Board approved WJPA-19-0048 for the construction of a marsh toe sill with beach nourishment and a revetment. The applicants are proposing bank grading in association with this living shoreline equaling approximately 1,000 square feet of fill within the seaward 50-foot RPA. To mitigate for the proposed grading and impacts to the RPA, County mitigation requirements are to revegetate the slope with 33 native shrubs (three planting units).

STAFF EVALUATION

Staff has evaluated the application and exception request for the bank grading. This application meets the Ordinance conditions in Sections 23-11 and 23-14 and should be heard by the Board because the grading of a bank is not a permitted use and occurs within the seaward 50-foot RPA.

CONSIDERATION BY THE CHESAPEAKE BAY BOARD

The Board may grant exceptions to Section 23-7 if the application meets the following five conditions:

1. The exception request is the minimum necessary to afford relief; and
2. Granting the exception will not confer upon the Applicants any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity; and
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality; and
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances, either permitted or non-conforming that are related to adjacent parcels; and
5. Reasonable and appropriate conditions are imposed which will prevent the exception request from causing a degradation of water quality.

STAFF RECOMMENDATIONS

Staff has reviewed the application and exception request and has determined the impacts associated with the proposal to be minor for the proposed development. Staff recommends approval for this exception request and if the Board wishes to approve this request, staff recommends the following conditions be incorporated into the approval:

1. The applicants must obtain all other necessary federal, state, and local permits as required for the project, including a building permit if necessary; and
2. The submittal of a mitigation plan equaling three planting units be submitted to the Stormwater and Resource Protection Division; and
3. A surety of \$1,000 be submitted in a form acceptable to the James City County Attorney's Office to guarantee the mitigation plantings; and
4. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and
5. Written requests for an extension to an exception shall be submitted to the Stormwater and Resource Protection Division no later than June 2, 2022 six weeks prior to the expiration date.

RESOLUTION

CASE NO. CBPA 21-0075. 10006 SYCAMORE LANDING ROAD

JAMES CITY COUNTY CHESAPEAKE BAY PRESERVATION ORDINANCE EXCEPTION

WHEREAS, Waters Edge Construction on behalf of Mr. David and Mrs. Kim Lambey (the “Applicants”) has applied to the Chesapeake Bay Board of James City County (the “Board”) on July 14, 2021, to request an exception to use the Resource Protection Area (the “RPA”) on a parcel of property identified as James City County Real Estate Tax Map Parcel No. 0720100002 and further identified as 10006 Sycamore Landing Road (the “Property”) as set forth in the application CBPA 21-0075 for the purpose of bank grading; and

WHEREAS, the Board has listened to the arguments presented and has carefully considered all evidence entered into the record.

NOW, THEREFORE, BE IT RESOLVED that the Chesapeake Bay Board of James City County, Virginia, following a public hearing, by a majority vote of its members FINDS that:

1. The exception request is the minimum necessary to afford relief.
2. Granting the exception will not confer upon the Applicants any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity.
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code and is not of substantial detriment to water quality.
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances either permitted or non-conforming that are related to adjacent parcels.
5. Reasonable and appropriate conditions are hereby imposed, as set forth below, which will prevent the exception request from causing a degradation of water quality.
6. In granting this exception, the following conditions are hereby imposed to prevent this exception request from causing degradation of water quality:
 - a. The applicants must obtain all other necessary federal, state, and local permits as required for the project, including a building permit if necessary; and
 - b. The submittal of a mitigation plan equaling three shrubs be submitted to the Stormwater and Resource Protection Division; and
 - c. A surety of \$250 be submitted in a form acceptable to the James City County Attorney’s Office to guarantee the mitigation plantings; and

- d. This exception request approval shall become null and void if construction has not begun by July 14, 2022; and
- e. Written requests for an extension to an exception shall be submitted to the Stormwater and Resource Protection Division no later than June 2, 2022, six weeks prior to the expiration date.
